Residential care

# A warm welcome to Morel Court

**At Morel Court, we provide residential care for 36 residents, in purpose built, en suite accommodation. We have a mix of room types, including some with a full en suite wet room and others with an en suite toilet and sink. Some rooms enjoy lovely garden views and there's Wi-Fi throughout the home.**

We are located in beautiful grounds, close to the seafront at Penarth. It's a wonderfully calm and welcoming home, where our passionate team deliver personalised care in a warm, supportive and safe environment.

For those who enjoy the outdoors, our landscaped gardens, sensory garden, patios and summer house are lovely areas to relax. Our hair salon is great for a spot of pampering and the reminiscence room is very popular with residents too.

We have a schedule of optional events and activities, helping residents to explore their interests and discover new ones. These include armchair exercises, including armchair golf, gardening, flower arranging, arts and crafts, bingo, bible studies and church services. We have dedicated chaplain at Morel Court to look after pastoral and spiritual needs.

# Care, above and beyond

At Morel Court we develop a personalised care plan shaped around interests, needs and choices.

Round-the-clock care is provided by a team of highly trained carers, who are incredibly passionate about what they do. Life here is easy and enjoyable and we take the time to really get to know our residents to ensure we offer just the right balance of company and privacy for all.

## Residential care

Our residential care provides a home from home to make sure your loved one continues to live life to its fullest, remaining as independent as possible, with peace of mind that comes from 24-hour support. Our team are available to lend a hand where needed with activities such as bathing, dressing and mealtimes.

We encourage residents to furnish their own rooms as they wish. This could be as simple as hanging a couple of their favourite pictures on the wall, to bringing a comfy chair that makes them feel more at home.

# Creating a richer and more fulfilled later life

Our approach to care is a truly holistic one, always with the aim of nurturing mind, body and spirit.

This comes as part of our promise to you and our residents, to help them genuinely live a better, more fulfilled life by respecting their individual needs and presenting them with opportunities to keep their minds and bodies active.

Whether they flourish in a lively group activity or prefer to re-charge in the peaceful surroundings of a quiet space, our home is brimming with inspiration and potential.

## Enjoying every day

Activity Coordinators are integral to our homes, ensuring there is a varied weekly activities calendar, tailored to meet the individual interests and preferences of each resident.

## Recognising the spiritual needs of our residents

All MHA care homes provide residents with pastoral care through our dedicated chaplaincy service. Our chaplains provide one-to-one support, a sense of comfort and a listening ear to everyone who needs it. We know that spirituality is important to many of our residents which is why we treat every person as an individual and encourage links with local faith communities where appropriate.

## Keeping in touch with each other

There are a number of ways to keep in touch with family and friends in addition to visiting the home. Using technology you can catch up over Zoom, through our Facebook page, or Famileo, an individual, personalised digital/printable family newsletter.

## Creating a safe environment

We have a call system which can be operated by a hand control or pendant, depending on personal preference. All floors are secured by keypad coding to ensure that residents are safe and secure at all times.

## Freshly prepared, nutritious meals

Mealtimes are an important part of the day here, giving residents the opportunity to get together and enjoy home cooked food in a relaxed restaurant-style environment.

We always offer two meal options and all specialist diets are catered for. Our chef will happily prepare an alternative dish if nothing on the main menu appeals.

Freshly prepared meals, cooked by our in-house chef

Locally sourced meats, fruit and vegetables where possible

Seasonal ingredients – menus change three times a year with input from residents

Specialist equipment and assistance as needed

Snacks and drinks available 24 hours a day

Home baking every day

Relatives welcome to join residents for meals

# Independent living with 24 hour support

All MHA care homes are committed to enable residents to live later life well. This means we actively encourage residents to maintain links with the local community, develop new friendships and take part in the varied, regular activities scheduled in the home.

## Focusing on the individual wishes of our residents

We pride ourselves on being able to offer personalised care, tailored to residents' individual needs. As well as offering all the things you would expect in a care home, such as management and administration of medication, nutritious meals, cleanliness, safety and expert care when required, our residents enjoy companionship, can freely socialise and interact with each other, reminiscing and sharing stories.

## Making sure you feel comfortable in your new home

Residents have their own private room which can be personalised with special items, a cherished piece of furniture, a favourite chair or photographs to help them feel comfortable and settle into their new home.

## Seize the day!

We encourage residents and their relatives to share their 'seize the day' dreams with care staff who will endeavour to turn the wish into reality. This could include visiting a location that holds special memories, enjoying a former pastime or trying something for the first time.

**“All the staff are polite and friendly. There are always activities taking place which I feel is very important to keep minds active and physical well-being.”**
