Residential and nursing care

A warm welcome to Allesley Hall

At Allesley Hall, we provide residential and nursing care for 44 residents in accommodation situated near to the centre of Coventry. We have a mix of room types, including some with a full en suite wet room and others with an en suite toilet and sink. Some rooms also enjoy lovely garden views.

It's a wonderfully welcoming home, where our passionate team deliver personalised care in a warm, supportive and safe environment. Our 24-hour support ensures maximum independence with peace of mind, knowing that help is always at hand.

Our extensive landscaped gardens and patio areas are lovely areas to relax and enjoy the sunshine. We have a sensory room which is a peaceful, calming place, and the hair salon offers an opportunity for a spot of pampering.

Our Activities Coordinator schedules regular optional activities, helping residents to explore their interests and discover new ones. There's animal visits, armchair exercises, gardening, baking, flower arranging, arts and crafts, bingo, quizzes and church services. At Allesley Hall we have a dedicated chaplain for all pastoral and religious care needs.

Care, above and beyond

At Allesley Hall we develop a personalised care plan shaped around interests, needs and choices.

Round-the-clock care is provided by a team of highly trained carers, who are incredibly passionate about what they do. Life here is easy and enjoyable and we take the time to really get to know our residents to ensure we offer just the right balance of company and privacy for all.

Residential care

Our residential care provides a home from home to make sure your loved one continues to live life to its fullest, remaining as independent as possible, with peace of mind that comes from 24-hour support.

Nursing care

Our 24-hour nursing care is tailored for individual needs. Providing specialist nursing care for those with medical needs, whether that's a long-term illness or disability. Delivered with friendly expertise by our highly skilled team of nursing professionals.

Creating a richer and more fulfilled later life

Our approach to care is a truly holistic one, always with the aim of nurturing mind, body and spirit.

This comes as part of our promise to you and our residents, to help them genuinely live a better, more fulfilled life by respecting their individual needs and presenting them with opportunities to keep their minds and bodies active.

Whether they flourish in a lively group activity or prefer to re-charge in the peaceful surroundings of a quiet space, our home is brimming with inspiration and potential.

Enjoying every day

Activity Coordinators are integral to our homes, ensuring there is a varied weekly activities calendar, tailored to meet the individual interests and preferences of each resident.

Recognising the spiritual needs of our residents

All MHA care homes provide residents with pastoral care through our dedicated chaplaincy service. Our chaplains provide one-to-one support, a sense of comfort and a listening ear to everyone who needs it. We know that spirituality is important to many of our residents which is why we treat every person as an individual and encourage links with local faith communities where appropriate.

Keeping in touch with each other

There are a number of ways to keep in touch with family and friends in addition to visiting the home. Using technology you can catch up over Zoom, through our Facebook page, or Famileo, an individual, personalised digital/printable family newsletter.

Creating a safe environment

We have a call system which can be operated by a hand control or pendant, depending on personal preference. All floors are secured by keypad coding to ensure that residents are safe and secure at all times.

Freshly prepared, nutritious meals

Mealtimes are an important part of the day here, giving residents the opportunity to get together and enjoy home cooked food in a relaxed restaurant-style environment.

We always offer two meal options and all specialist diets are catered for. Our chef will happily prepare an alternative dish if nothing on the main menu appeals.

Freshly prepared meals, cooked by our in-house chef

Locally sourced meats, fruit and vegetables where possible

Seasonal ingredients – menus change three times a year with input from residents

Specialist equipment and assistance as needed

Snacks and drinks available 24 hours a day

Home baking every day

Relatives welcome to join residents for meals

Personalised Nursing Care

MHA nursing homes provide care for those with long-term illness or disability where more complex medical support is required.

We are dedicated to meeting the changing physical and mental health needs of each resident with ongoing nursing care. We ensure that each resident is treated with the dignity and respect that we all deserve to enable them to live later life well.

Full time care

We can offer you reassurance and peace of mind with 24 hour care, 7 days a week, from a team of highly trained carers. We will take care of the daily management and administration of medication, provide nutritious meals where changing dietary needs are catered for while ensuring the home remains clean and safe. We also encourage residents to socialise and interact with others, reminiscing and sharing stories with like-minded people where possible.

Respect and dignity at all times

Activities tailored to meet individual needs and preferences

Famileo personalised family newsletter

Seize the day!

We encourage residents and their relatives to share their 'seize the day' dreams with care staff who will endeavour to turn the wish into reality. This could include visiting a location that holds special memories, enjoying a former pastime or trying something for the first time.

End of life care

When residents need specialist end of life care, our staff team will work closely with healthcare colleagues from outside of the home to ensure comfort, dignity, emotional and spiritual support. In preparation for this, they will seek to understand a resident's preferences and wishes for end of life care and support. Our Chaplains work closely with the whole staff team at this time and are available to support family and friends as required.

“The care and consideration given by the staff to residents and visitors is as though you are their own family. They are always welcoming and friendly and so gentle with our precious loved ones.”
