I love caring for elderly as I think it is a great opportunity to support when someone in need and learn. I have worked hard in bringing a Home from (Requires Improvement) to a (Good) rating with the CQC, by leading and steering my team in difficult times, working tirelessly to improve the quality of life for residents.

Gardens for *all seasons*

The beautifully landscaped gardens at Rushden Park are enclosed with mature trees offering a canopy of green in summer along with some much-appreciated shade.

Rushden's gardens are a source of peace and connection for residents and families.

Alongside the patio areas with tables and chairs we have a summer house and raised flower beds. The outdoor spaces are perfect for relaxation and activities for those with green-fingers and a desire to still potter with a little planting.

Brian, one of our residents, worked closely with the gardeners to do a bit of landscaping to change the view from his room adding a personal touch to the grounds.

The gardens are also home to regular visitors, including squirrels, doves, and Dave the cat, a friendly black-and-white feline beloved by residents.

At Rushden Park, the gardens are more than just outdoor spaces - they're places where memories are made and joy blossoms.

My lovely auntie has been placed at Rushden Park for end-of-life care. The staff here were so understanding and comforting. The atmosphere as you come in is very welcoming - I feel confident in the care my auntie is receiving.
