Fee reviews and changes

Fees are reviewed annually in April. We may also review our fees at any other time if:

- A change in law comes into force which impacts on our provision of the services and results in a significant increase in our costs of providing the services.
- Your care and support needs (as set out in your Care and Support Plan) change and we make a change to the services you receive.
- You request to change the type of room you occupy.
- We will give you at least 28 days' notice before the revised fees are payable, except where the type of room occupied changes. In this case the change to the fees is applicable from the date you move in to the new room.

Please see our [Residential Care Agreement](#) for further information.

Minimum period for self-funding

We ask that any resident who is self-funding provide evidence that they will be able to pay their fees for a minimum period of two and a half years. Details of the financial information that we require is set out in the Residents Application Form which will be supplied at the same time as this key information document.

Guarantors

We may require someone to act as a guarantor on behalf of the resident where the Residential Care Agreement is signed by someone other than the resident, their Power of Attorney or court-appointed deputy.

Upfront payments

We do not request any upfront payments, such as deposits.

Weekly fees are collected every four weeks in advance and applied to the resident's account. If the resident does not move in, this payment will be fully refundable.
